

SIX APPLICATIONS MADE IN COUNTY FOR IRRIG. WATER

State Engineer's Office Reports Continued Application For Water In State—New Reservoirs To Be Built

During the months of April, May and June, one hundred twenty-five permits to appropriate water, and six permits to store water were issued by Percy A. Cupper, State Engineer. These permits cover the irrigation of a total area of 3873 acres of land, the construction of one hundred forty-five miles of canal lines, the development of seventy-five horsepower, and the appropriation of water for mining, domestic, municipal, and various other purposes, at an estimated cost of \$692,158.00. The reservoirs are expected to store 1008 acre feet of water, the estimated construction cost amounting to \$13,325.00.

Among the more important permits issued were the two permits to the Water Commission of Warrenton for the appropriation of additional water from the South Fork of Lewis and Clark River for a municipal water supply for the City of Warrenton, and surrounding towns;

The permit to F. G. Murray, of Friend, covering the appropriation of water from Jordan Creek for the use of the City of Friend, in Wasco County.

The two permits to the Norden-Fritz Syndicate, of Holland Oregon, covering the appropriation of water from Sucker Creek and its tributaries for the development of power and for hydraulic mining.

The permit to J. R. Harvey, of Grants Pass, for the appropriation of water from South Fork Galice Creek for hydraulic mining purposes.

And the permit to the Portland, Eugene, and Coos Bay Land Company, of Coonston, covering the appropriation of water from the several branches of Willaniche Creek for municipal water supply for Crawford Point, in Coos County.

In Malheur County the following permits have been issued:

To A. W. Hamilton, and K. P. Marquer of Weiser, Idaho, covering the appropriation of waste water from the Malheur District Improvement Company ditches, for irrigation of sixty acres in Oregon.

To R. P. Watson of Weiser, covering the appropriation of water from the Malheur District Improvement Company ditches for irrigation of twenty acres.

To Charles Becker, of Westfall, covering the construction of the Becker Reservoir for the storage of 150 acre feet of water from North Fork of Indian Creek, to be used in the irrigation of four hundred acres. The estimated cost of construction of the reservoir and distribution system is \$3800.00.

To C. C. Morton, of Weiser, Idaho covering the appropriation of water from Mormon Basin Creek for placer mining purposes, in Malheur County, Oregon. This water system is estimated to cost \$1,000.00.

To Frank Bennett, of Brogan, Oregon, covering the appropriation of water from Basin Creek for irrigation of fifty acres. Under this permit it is proposed to construct approximately four and a half miles of canal, at a cost of about \$300.00.

To Candida Ahojitz of McDermitt, covering the appropriation of water from Fish Creek for irrigation of one hundred eight acres in Malheur County.

PRESIDENT TO SIGN PORTLAND MEASURE

Senator McNary Assured Favorable Action Will Be Taken As Soon As Resolution Reaches Executive

Telegram Washington Bureau WASHINGTON, July 12—President Harding will sign the resolution for the Portland exposition in 1925 as soon as it reaches him.

This he made perfectly clear to Senator McNary at the capitol. The president surprised everyone by an announcement visit to the capitol and met a number of senators at lunch, including Senator McNary.

When the president went to his room just off the senate chamber he asked Senator McNary to go with him and he then told him that no plans for a Philadelphia exposition would interfere in any way with the Portland exposition.

Wants West to Grow He reiterated that he was eager to see the West succeed and prosper and that he would be glad when the resolution came to him for approval.

President Harding came to the capitol primarily to have the bonus bill, now before the senate re-committed to the senate finance committee to be held there until after the revision of the internal taxes had been accomplished and then the

bonus bill could be considered in connection with the revised taxes and so drawn as to meet the financial conditions which the new tax bill will create.

Plan is Approved Senator McNary assured the president of his support for this program, and it is believed that a large majority of the senate will follow the suggestion of the president.

Representative McArthur had a conference with Representative Darrow, leader of the congressional delegation from Philadelphia and a member of the steering committee of the house, this afternoon, and was assured that none of the Philadelphia members would block action on the Portland fair bill, and, in fact, would support it.

Hearing is Set Chairman Porter of the house foreign affairs committee set a hearing for the bill for either Monday or Tuesday and promised to get it to a vote immediately after the tariff vote on July 21.

ARCADIA NEWS NOTES

Elbert Butler and family were visiting at the Benall home Tuesday evening.

Clyde Long went to Ontario Wednesday to consult a doctor.

Mr. and Mrs. Frank Hall and Mrs. Fred Young were visiting at C. W. Barrett's Tuesday evening.

Jim Fleming and wife left for California Friday morning.

Mrs. Florence Jensen has been sick for the past week.

Frank Edwards and family were visiting at Elbert Butlers Thursday evening.

Thomas Claggett took dinner at Ed. Wolf's Thursday.

Ruth Barrett is visiting in Nampa.

Following are some of those registered at Ontario hotels the past week:

Tease lagging appetites with this tempting Baked Custard

Always smooth and velvety made with Carnation

Because Carnation Milk is twice as rich as ordinary milk, it gives custards, puddings and all foods a finer flavor and added smoothness. Use Carnation in any recipe calling for 1 cup milk— $\frac{1}{2}$ cup Carnation diluted with $\frac{1}{2}$ cup water.

2 eggs, beaten light, 3 tablespoonfuls sugar, grated nutmeg, 1 cup of Carnation Milk diluted with 1 cup of water. Mix together and pour into buttered pan and grate nutmeg over the top. Set in a larger pan of boiling water, and bake in a moderate oven. Insert a clean knife blade, and when it comes out clean the custard is done. Watch it closely to avoid cooking too much.

Send for Carnation Cook Book containing 100 practical tested recipes. Carnation Milk Products Co., 806 S. 9th St., Boise.

All Grocers Sell Carnation Milk "from Contented Cows"

M McNARY LED FIGHT TO KEEP SENATE AT WORK

Aided by Senator New and Supported by Members of Agricultural Bloc, Adjournment is Beaten

Telegram Washington Bureau WASHINGTON, July 6.—Senator McNary led the fight to prevent the senate from recessing for practically a month. He and Senator New are of the opinion that there should be continuous sessions until some of the legislation pledged by the party is finished.

Senator McNary rounded up a lot of Western recruits, and members of the agricultural bloc, and the Lodge resolution to adjourn was defeated 27 to 24. The prospects are now that the senate will remain in session, and put through some legislation immediately, rather than wait till fall. The real plan of the leaders was to recess for a month, and then if the tariff bill was not ready to recess till September 1.

LOCAL PERSONALS

Mr. and Mrs. Streeter Stroup of Washo visited at the home of their parents, Mr. and Mrs. Jacob Stroup Sunday July 10.

Mrs. J. Fingler returned Saturday from a weeks visit in Salt Lake.

stopping in Pocatello, on her way home.

Col. Wilmer Taylor who has been suffering from rheumatism for some time, is again able to be down town.

Mr. and Mrs. S. M. Brown of the Idaho Power Co., are the proud parents of a 10 pound son, born Monday, July 11.

The Congregational Ladies Aid met at the home of Mrs. Helen Clement, Wednesday, July 6. A very pleasant afternoon was spent by all.

Mrs. Ferguson of the Ontario Roller Flour Mills invited the ladies to go through the mill and see it in operation. Each lady received a small sack of flour to try out. The ladies report some very good bread made from Malheur county flour.

Mrs. Harry Wagoner of Vale spent Friday July 8, visiting at the home of Mrs. J. A. Draper.

WE WELCOME THE ACCOUNTS OF WOMEN

and cordially invite their banking business, offering them every safeguard, facility and convenience of a strong, well regulated bank.

MODERN CRANKCASE CLEANING SERVICE

How often should your crankcase be CLEANED?

Automobile manufacturers carefully recommend, in their Books of Instruction, regular draining and cleaning of the crankcase.

This is necessary because engine operation causes road dust, carbon, fine metal particles and other impurities to accumulate in your crankcase oil. This gritty oil circulates through your engine, impairs its performance and ultimately leads to rapid depreciation and repairs.

To meet this need, Modern Crankcase Cleaning Service has been established by first-class garages and other dealers, co-operating with the Standard Oil Company. These garages and dealers use Calol Flushing Oil—the scientific agent that cleans out old oil, dirt, grit and other impurities, and does not impair the lubricating efficiency of fresh oil used. The cleaned crankcase is refilled with the correct grade of Zetolene.

Look for the garage or dealer displaying the sign shown above,—it means "Better operation and longer engine life."
